Dear Client:

Thank you for choosing Hopefield Healthcare to be your TMS therapy provider. When you choose Hopefield Healthcare, you become a part of a vibrant and supportive team of professionals that exists for the sole purpose of preparing you for a life full of joy. You will never by "just another patient" – from the moment you walk through our door until long after you have completed the treatment phase.

Unfortunately, **most insurance networks require a prior authorization** before you begin therapy. So, to help protect each of our patients, **we ensure appropriate authorization** from your insurance is obtained before you begin treatment.

We've designed our **TMS Registration Form based on the information that will be required on your insurance's prior authorization form**. So, while we understand no one enjoys filling out these types of forms, **we ask that you please be as thorough as possible. If you can't remember specific dates, especially where previous medications are concerned, then just list an approximate date, including month and year**.

Most insurances will require the following:

- A diagnosis of depression (moderate to severe)
- A minimum of 2-4 antidepressant trials
- A history of psychotherapy (therapists, counselor, group therapy, outpatient therapy, extended visits with psychiatrist, or psychologists)
- PHQ-9 (Depression screening) score > or = 18

We thank you for taking the time to complete our TMS Registration and look forward to helping you to achieve long-term relief from your depression.

Billing for services rendered is handled in-house by our Billing Department. For privacy reasons, we do not fax or email statements unless specifically requested as a one-time courtesy. We expect co-pays and any co-insurance or deductibles to be paid at the time of service. To maintain a manageable client balance, the front office personnel will require payment of your co-insurance or deductible at the time of service. In some instances, clients may receive a statement due to insurance changes or other reasons. We accept payments over the phone and do not keep credit or debit card information on file within our billing system. Please do not provide any staff member of TMS Institute of America your credit or debit card information.

Use of Insurance Plans:

By signing this form, you acknowledge that your insurance coverage, notification of any pre-authorization requirement, and terms of coverage are ultimately your responsibility. You acknowledge that insurance verification checks may not always reflect recent insurance claims, coverage of benefits, or other information. We make every attempt to verify your benefits and obtain pre-authorization and will communicate this to you. If it is not provided or different from what is communicated to us by your insurance provider, you understand that benefits checks and re-authorization is not a guarantee of payment. If pre-authorization is obtained, but your insurance provider rejects services, you may still be responsible for payment of services provided. We make every effort to obtain pre-authorization for services prior to the start of care and will communicate coverage with you. However, insurance changes occur during the course of treatment and it is your responsibility to notify our office of any changes.

If the **Insurance Holde**r is different than that of the Client/Patient receiving services, please provide the information here:

- Prior trials of antidepressant medications with little or no benefit from symptoms OR medication discontinuation due to side effects (each insurance requires a specific number of antidepressant trials - for example, Medicare requires a minimum of two (2) antidepressants with little or no benefit or inability to continue medication due to side effects, other insurances requires a history of 3-4 antidepressants during the current episode.
- No history of seizures
- A history of psycho-therapy with little or no benefit (physician, therapist, counselor, outpatient mental health visits, etc.)
- No TMS Therapy contraindications
- Insurance requires a medical record documentation of all of the above, including other qualifying information, in order to obtain prior authorization for TMS Therapy services. Hopefield Healthcare will request your medical records from your health care providers in order to have this information on file for pre-authorization.

Hopefield Healthcare will submit a prior authorization to your insurance upon receipt of all required documentation from you and your current or previous health care providers.

Do you provide permission for Hopefield Healthcare to submit a prior authorization request to your insurance provider for TMS therapy (transcranial magnetic stimulation) services and/or for services to be provided to you by one of our physicians or healthcare providers. **Please circle: YES / NO**

There have been no reported history of hearing loss; however, earplugs are available and recommended for me to wear during each treatment session. I understand I may elect to decline wearing the ear plugs. I also agree to hold Hopefield Healthcare and each of its employees and physicians harmless from any liability related to any hearing problems during o rafter my treatment regardless of whether I elect to where or decline to wear earplugs (i.e., hard of hearing, hearing loss, or any other hearing-related problem.)
